

TITLE OF JOB: Vice President of Procurement

LOCATION: Northeast

POSTED: May 2019

SUMMARY:

An industry leader in sports, entertainment and venue management is seeking a VP of Procurement to contribute to the continued growth and success of our organization. The VP of Procurement reports directly to the company President and will provide leadership and oversight for the sourcing for the company. The individual will be responsible for driving connectivity, business alignment and category expertise in support of business goals and objectives across all of Lines of Business.

RESPONSIBILITIES:

- Identify sources of supply and successfully put together contracts to assure supply for the company.
- Provide ultimate oversight and accountability for the supplier relationships for the responsible categories.
- Developing multi-year performance targets with suppliers and ensuring these targets are met.
- Leveraging supplier investments to drive continuous improvement in quality standards worldwide.
- Implementing best practices where applicable and
- Understanding and managing the impact and outcomes of contract structures and insure value to the company.
- Manage and mentor its team to professionally source for goods that meet the quality standards/specifications at the lowest total cost of ownership. This includes providing guidance and leadership to ensure the professional development and training of Procurement professionals on her/his staff.
- Strategy setting and day to day operational procurement execution for all Commodities, Bakery & Produce globally.
- Coordinate category sourcing and ensure the consistent use of best practice procurement methodologies across all functional areas and around the globe.

REQUIREMENTS:

- 10 years+ of continuous procurement leadership experience across broad and diverse food commodity categories; managing large scale organizations. As such the candidate will bring a balance of both strategic and operational capacities; including sourcing, supplier management, commodity risk management, etc.
- Bachelor's degree is required. MBA or Masters in Supply Chain is preferred.
- A depth of experience working closely with global business unit heads; providing them with sourcing knowledge and expertise.
- Demonstrated ability to lead and motivate a procurement team that was located around the globe.
- A strong global mindset having directly identified, worked with and led negotiations on major transactions with suppliers across the global landscape.
