

TITLE OF JOB: Director of Supply Chain

LOCATION: Southern California

POSTED: December 2018

SUMMARY:

An exciting, multi-concept restaurant brand seeks a strategic supply chain leader to support enterprise goals by overseeing and managing all supply chain and purchasing functions at the corporate operating level, for direct and indirect sourcing and procurement. This includes overseeing the development of supply chain processes, sourcing, cost and service level agreements, risk management strategies using hedging tactics to stabilize price volatility and margins, and the implementation of supply chain initiatives to support short and long-term supply chain performance.

RESPONSIBILITIES:

- Lead the design and implementation of initiatives to support the supply chain strategy, including leveraging systems that optimize the supply chain process; maintaining knowledge of and adopting industry trends and best practices as appropriate; staying current on the regulatory, competitive, and supplier landscape; and, promoting the continuous review and modification of activities within supply chain functions.
- Build and maintain a strong procurement team which consistently succeeds in providing effective, smooth daily operations, outstanding customer service and value.
- Develop and champion the Procurement Department's vision, mission, and guiding principles to plan for and achieve targeted outcomes for customer service, process efficiencies and cost reductions.
- Ensure strong two-way customer communication to build cross-organization relationships which drive continuous improvements and focus on customer service.
- Establish, monitor and report service level goals, key performance indicators, and customer satisfaction criteria for procurement operations, procurement services and strategic sourcing.
- Supervise managers for Procurement Operations, Procurement Services, and Strategic Sourcing.
- Develop supply chain, strategic sourcing, and sales and operations planning solutions that support brand menu, promotion, operations and growth objectives.

REQUIREMENTS:

- 6+ years of progressive leadership responsibilities in the supply chain process.
- Bachelor's degree in Business Administration or related field; MBA preferred.
- Thorough knowledge of supply chain processes, with the ability to translate into actionable strategy.
- Strategic thinker with an open mind to learn and explore new areas and opportunities.
- Excellent communication skills with ability to influence others inside and outside the organization.
- Excellent negotiation, interpersonal, presentation, and planning skills.

SALARY & BENEFITS:

Competitive salary commensurate with experience.
